EDUCATION

Ph. D. Computer Science, 1986. University of Rochester, Rochester, NY.
M. S. Computer Science, 1983. University of Rochester, Rochester, NY.
B. A. Mathematics, 1981. New College, Sarasota, FL.

HONORS

University Superior Accomplishment Award for Faculty Service, University of Florida, 1995-1996.

Superior Accomplishment Award, Academic Affairs, University of Florida, 1996.

Teaching Improvement Program Award, College of Engineering, University of Florida, 1995.

ACM Teacher of the Year, CISE Department, 1994-1995.

Distinguished Service Key, Alpha Phi Omega National Service Fraternity, 1991.

Faculty of the Year, CIS Department, 1989-1990.

Member, Upsilon Pi Epsilon Computer Science Honorary Fraternity, 1989-present.

PATENTS

S. Schrum, L. W. Yonge III, and R. Newman, Efficient Datagram Segmentation and Reassembly for Packet-Switched Networks, application no 20170034067, filed July 27, 2015.

S. Schrum, L. W. Yonge III, S. Katar, H. Zhu, and R. Newman, Slotted Message Access Protocol for Powerline Communication Networks, application no. 20150372996, filed December 24, 2015.

S. Katar, L. W. Yonge III, and R. Newman, Attenuation level based association in communication networks, application no. 20130038424, filed February 14, 2013.

R. Newman and P. R. Rajkotia, Enhanced acknowledgement and retransmission mechanism no. 9,432,251, August 30, 2016

L. W. Yonge III, S. Katar, and R. Newman, Managing communications over a shared medium, no. 9,385,966, July 5, 2016

S. Schrum and R. Newman, Packet ordering based on delivery route changes in communication networks no. 9,059,932, June 16, 2015

S. Katar, L. W. Yonge III, and R. Newman, Network association of communication devices based on attenuation information no. 9,021,278, April 28, 2015

S. Katar, L. W. Yonge III, and R. Newman, Secure client authentication and service authorization in a shared communication network no. 9,003,492, April 7, 2015

S. Schrum and R. Newman, Discovery of conventional devices and bridges in hybrid communication networks no. 8,897,169, November 25, 2014

S. Schrum and R. Newman, Multiple delivery route packet ordering no. 8,824,477, September 2, 2014

R. Newman and L. W. Yonge III, Establishing shared information in a network, no. 8,751,810, June 10, 2014

R. Newman, S. Schrum, and L. W. Yonge III, Hybrid networking master passphrase, no. 8,745,695, June 3, 2014

L. W. Yonge III, S. Schrum, and R. Newman, Hybrid networking simple-connect setup using proxy device, no. 8,745,137, June 3, 2014

L. W. Yonge III, S. Schrum, and R. Newman, Hybrid networking simple-connect setup using forwarding device, no. 8,743,903, June 3, 2014

R. Newman and L. W. Yonge III, Establishing shared information in a network, no. 8,261,079, September 4, 2012

R. Newman and L. W. Yonge III, Establishing shared information in a network, no. 7,664,955, February 16, 2010

INTERESTS

Security: Cloud security, cross-domain policy implementation, access control models, cryptography, cryptanalysis, cryptographic protocols, cryptocurrencies, anonymity, information hiding, traffic analysis and TAP, cross-layer security, anomaly detection, adaptive security, biometric authentication, image-based authentication, usability

Networks: protocols (link, medium access, network, transport, application layers), protocol analysis, performance, traffic modeling, simulation, architecture, topology, quality of service, heterogenous LANs error correction, error modeling, latency, network security, user-level security in consumer systems

Distributed Systems: Blockchain, security, peer-to-peer systems, distributed storage systems, communication architecture and protocols, distributed conferencing, groupware, protocols for concurrent data access, concurrent editing, distributed operating systems, digital currency

EMPLOYMENT

Senior Technical Fellow, IC2, Gainesville, FL, July 2022 - present.

Senior Vice President for Data Science and Security, Terraview Gmbh, Zurich, Switzerland, Nov 2020-Mar 2022.

Assistant Professor, Computer & Information Science & Engineering Department, University of Florida, Gainesville, FL, 1986-2021.

Advisory Board, Terraview PTE. LTD., Singapore, 2020-present.

Expert Witness, Patent infringement and validity issues in security, networking, and distributed systems, clients include Citrix and Juniper Systems, 2006-present.

Cryptology Instructor, Johns Hopkins University Center for Talented Youth (CTY), Lancaster, PA (2017); Saratoga Springs (2018).

Board of Directors, Security and Audit Analysis, Fair Warning, Inc. (prev. EpicTide), St. Petersburg, FL, 2004-2012.

Consultant, Medium access and PHY protocol analysis and development, and security protocols for poweline communications, QualComm (prev. Atheros, prev. Intellon Corporation), Ocala, FL, 1999-2015.

Senior Scientist, Unistry Associates, Inc., Havertown, PA, 1995-1999.

Consultant, network security areas, Raytheon Systems Company, St. Petersburg, FL, 1997

Associate Director, Space Communication Technology Center, Digital Signal Handling and Satellite Networking Technical Area, Computer and Information Science Department, University of Florida, Gainesville, FL, 1991-1997
