

# WOMEN IN SCIENCE AND ENGINEERING

Workshops Seminars Networking  
Empowerment

TOWARDS

Professional Career Development  
in STEM

WiSE is a UF based organization that works to bring together students, postdocs, faculty, & staff in STEM fields. Through our organization, we seek to foster the success of women and other underrepresented groups in STEM by leading activities to build academic success, professional development, and support amongst peers. Members of all sexes and genders are welcome.
