An HCC Research Approach

HCC Program Key Highlights

■ Core Classes:

- User Experience Design (taught fall semesters)
- Human-Computer Interaction (taught spring semesters)
- Research Methods in HCC (taught spring semesters)

* note: any students in CISE can take these core classes, not just HCC students...

■ Cognate Area:

- Set of 3 related courses from any dept
- Related to your research topic
- ...plus any 3+ CISE graduate level courses

* note: you can do HCC-oriented research in any of our PhD programs—the benefit to being in the HCC PhD program is that classroom training is focused on an HCC research foundation...

The logo consists of the letters 'UF' in a bold, white, sans-serif font. A vertical orange bar is positioned to the left of the 'UF' text. The background of the entire slide is a blue grid of various engineering and academic images, including circuit boards, a person working at a computer, a person in a hard hat, and a person in a lab coat.
